

Run Down on 28th May 2011

5 pm - Presentation of 2010/11 Outstanding Project Awards after the AGM

Degree Level (Presenter: Professor Richard So)

- Outstanding Award – Tsang Ngai Hung
- Department of Manufacturing Engineering and Engineering Management, City University of Hong Kong
- Project Title: Effects of display polarity and luminance contrast ratio on visual lobe shape
- Supervisor : Dr Alan Chan

PhD Level (Presenter: Professor Richard So)

- Outstanding Award – Chan Wai Lun
- Department of Manufacturing Engineering and Engineering Management, City University of Hong Kong
- Project Title: Spatial Stimulus-response (S-R) compatibility effects for visual signals with hand and foot controls
- Supervisor : Dr Alan Chan

5:00pm – 6:00pm Annual Scientific Meeting

Topic: An intelligent anti-sprain sport shoe – an example of ergonomics application in injury analysis and prevention in sport

Speaker: Dr Daniel Fong

Dr Daniel Fong was awarded the HKES Outstanding Project Award 2004 with his another previous project “Lower extremity biomechanics of gait on slippery surfaces in simulated construction worksite environments”. Since 2006, he has gained more than HKD 9 million research grants, and he is now the Director of Sport Performance and Biomechanics Laboratory at Department of Orthopaedics and Traumatology of The Chinese University of Hong Kong.

630pm - Annual Dinner at Staff Club, 5th Floor, Communal Building, The Hong Kong Polytechnic University. Under the name of Professor Chan, Department of Rehabilitation Science (20 seats)
