Annual Scientific Meeting

A Journey to Injury Prevention and Safety Culture Cultivation from a Multi-Perspective - OSHC Experience

Speaker: Dr. Winson Yeung

Date: 31st May 2014 (Saturday)

Time: 5:00 to 6:00 pm

Venue: ST 522-523, The Hong Kong Polytechnic University, Hung Hom

The Occupational Safety & Health Council (OSHC), a statutory body established in 1988, commits to develop collaboration and partnership with government departments, employers and employees of various trades for fostering a safe and healthy working environment and sustaining our valuable workforce in Hong Kong. There are 3 main stages of Occupational Safety and Health (OSH) development in Hong Kong: (1) improvement of safety technology in 80s - mid 90s; (2) development of OSH Management System in mid 90s - mid 20s; and (3) fostering a safety culture since mid 20s. Throughout different stages, OSHC has adopted a multi-perspective approach to help improving the OSH standard and performance of Hong Kong.

Brief Introduction of the speaker:

Dr. Winson YEUNG is the Principal Consultant of the Occupational Safety and Health Council (OSHC). He is currently appointed as a member of the Safety Officer Advisory Committee of Labour Department. Dr. Yeung is also a member of the Construction Site Safety Committee of Construction Industry Council and the Prevention Committee of Pneumoconiosis Compensation Fund Board. He is a Chartered Member of the Institution of Occupational Safety & Health (IOSH) in United Kingdom and is also a Member of the American Conference of Governmental Industrial Hygienists (ACGIH) and the International Commission on Occupational Health (ICOH).
